

EasyWrap Wood

BASIC MODEL WITH HIGH QUALITY STANDARDS

PICTURE: EasyWrap Wood 310S
with single unwinding station and SCS 20

Integrated SCS unit with premelter and renowned Düspohl SlotCoater

YOUR ADVANTAGES

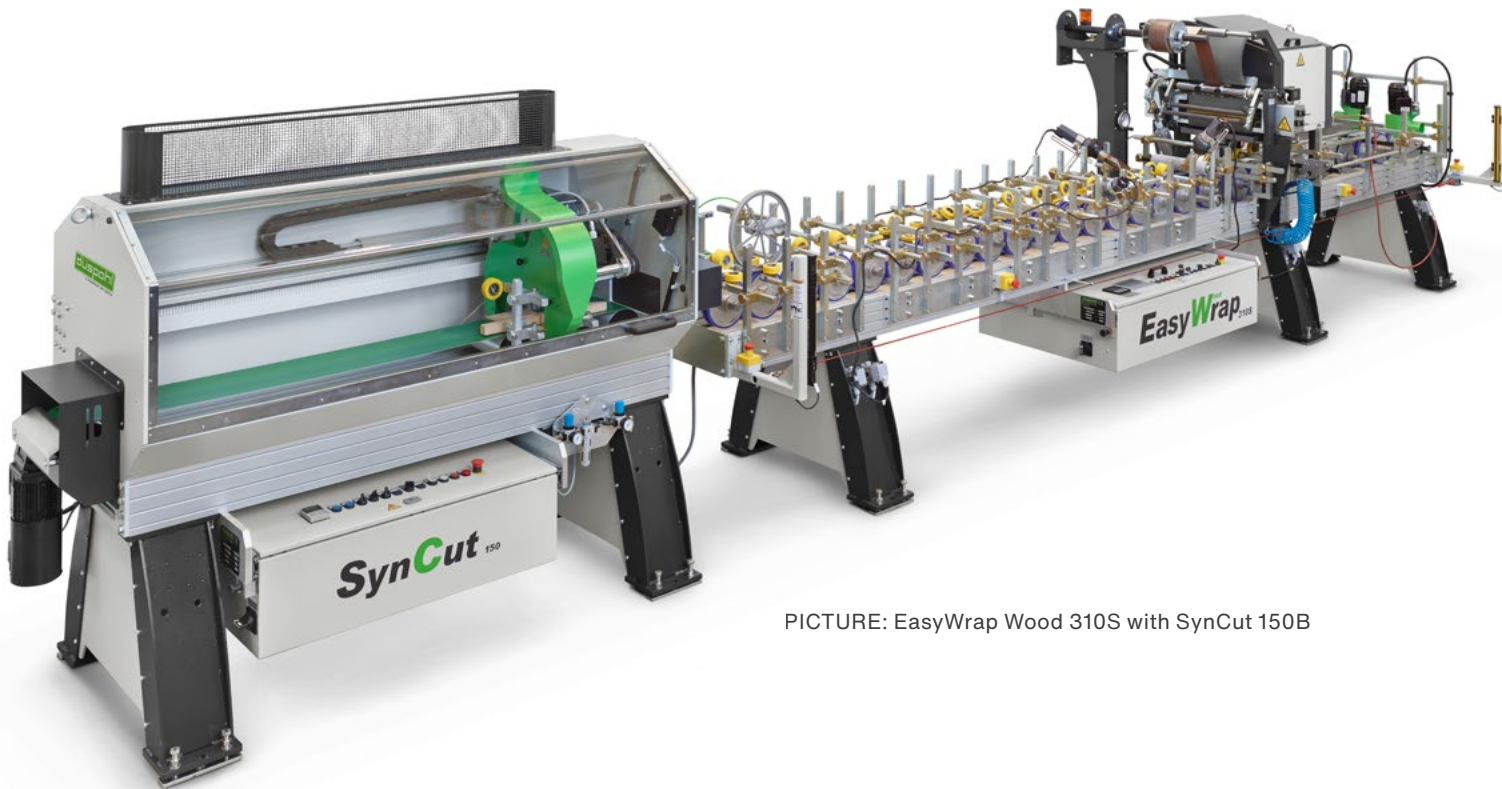

- ✓ Includes 3-in-1 unit with premelter, dosing pump and SlotCoater
- ✓ On-demand melting process
- ✓ Dosing pump with constant delivery volume
- ✓ Mechanisms to reduce set-up times and increase productivity
- ✓ Requires little space since premelter is installed on the line and electrical cabinet is housed in a drawer under the line

REASON TO INVEST

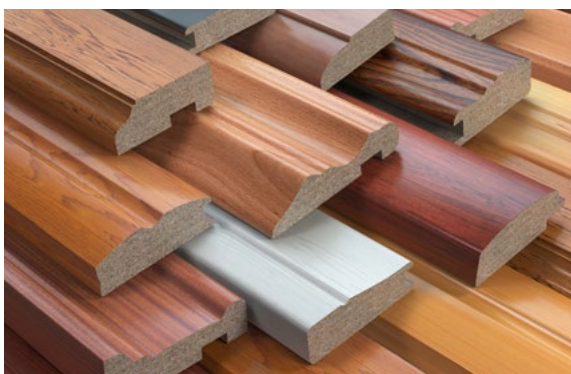

Suitable for beginners and companies with smaller production volumes

EasyWrap Wood
